## Test-packages

Our test-packages allow cost-effective selection of multiple tests for genetic disorders, coat colors and coat types within one package. Per animal you can select up to 10 tests and each additional test ordered for the same animal increases discount. Combi-tests, DNA-profiles and tests performed by our partner laboratories cannot be selected within a test-package. If you order two and more genetic tests in addition to a Combi-test for the same animal, consider selecting the parameters of the Combi-test as single tests for higher discount.

Duration	Number of tests per animal	Price in €		
		net price	VAT (19%)	gross price
4-5 days	2	70.00 €	13.30 €	83.30 €
	3	99.00 €	18.81 €	117.81 €
	4	120.00 €	22.80 €	142.80 €
	5	140.00 €	26.60 €	166.60 €
	6	158.00 €	30.02 €	188.02 €
	7	173.00 €	32.87 €	205.87 €
	8	188.00 €	35.72 €	223.72 €
	9	200.00 €	38.00 €	238.00 €
	10	210.00 €	39.90 €	249.90 €

- For more animals we offer additional discounts on request.
- Once we received your samples at our laboratory it usually takes about 4 to 5 days to generate your results provided that the sample has a proper quality and is evaluable.

\*partner laboratory

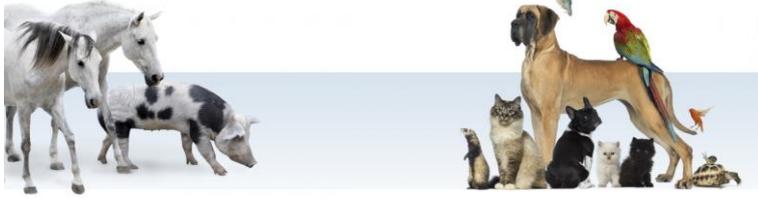

## Certificates

Certificates can only be issued if Chip-no. are provided. It is recommended that sampling is carried out by an independent authority (e.g. veterinarian or breed warden) to confirm sample origin.

- A certificate can be prepared for each individual test if requested.
- Certificate for the first test is free of charge.
- Certificates for two to five tests will cost 7.14 € (incl. VAT).
- More than five certificates will cost 14.28 € (incl. VAT).
- Certificates can be ordered subsequently.
  - Up to five certificates will cost 17.85 € (incl. VAT) if ordered subsequently.
  - Six to ten certificates will cost 35.70 € (incl. VAT) if ordered subsequently.

## DNA-profile (ISAG)

Duration	Number of DNA profiles	Price in € per DNA profile		
		net price	VAT (19%)	gross price
10-14 days	1-3	42.00 €	7.98 €	49.98 €
	4-10	40.00 €	7.60 €	47.60 €
	11 and more	38.00 €	7.22 €	45.22 €

- Certificate for the DNA-profile will cost 7.14 € (incl. VAT).
- Breeders and breed club members will get the highest discount commencing with the first animal.
- For more animals we offer additional discounts on request.
- Once we received your samples at our laboratory it usually takes about 4 to 5 days to generate your results provided that the sample has a proper quality and is evaluable.

## Parentage verification

- DNA-profiles (ISAG) are necessary for each involved animal for parentage verification (see prices DNA-profile (ISAG)).
- DNA-profiles of both parents are recommended to achieve the highest accuracy.
- If DNA-profiles have to be generated for all involved individuals, parentage verification is free of charge, independent of the number of samples submitted.
- If DNA-profiles are provided by the submitter (e.g. DNA-profiles of the parents), parentage verification will cost 23.80 € (incl. VAT) in total.
- Parentage verification report is free of charge.
